

Post-Construction Cleaner

Part-Time / Project-Based | Flexible Schedule

Edge Pros is looking for dependable, hardworking Post-Construction Cleaners to join our growing team.

We help contractors, builders, and property owners get newly constructed and renovated spaces clean, finished, and ready for turnover.

Benefits

- Edge Pros logo company attire provided
- Flexible scheduling
- Project based work
- Opportunities for additional hours and projects
- Growing local company

The Opportunity

This position is ideal for someone who takes pride in their work and enjoys seeing a project go from construction site to finished space.

You will work as part of a team to complete detailed post-construction cleaning for residential and commercial projects.

What You'll Do

- Remove construction dust and debris
- Clean floors, windows, surfaces, fixtures, and common areas
- Detail kitchens, bathrooms, offices, and other spaces
- Remove labels, stickers, and construction residue
- Complete final-detail cleaning before client turnover
- Follow project instructions and Edge Pros quality standards
- Maintain a clean and professional work environment

What We're Looking For

- Reliable and dependable
- Hardworking and detail-oriented
- Able to follow instructions
- Comfortable working on your feet for extended periods
- Able to lift and move cleaning supplies and equipment
- Comfortable working around active construction sites
- Previous cleaning or construction experience is a plus, but not required
- Reliable transportation

The Right Person

We're looking for someone who takes pride in doing the job right.

Post-construction cleaning is detail-oriented work. The goal isn't simply to make a space look clean—it needs to be ready for the customer to walk in and see a finished project.

If you're dependable, work hard, pay attention to detail, and want to be part of a growing local company, we'd like to hear from you.

Apply Today

Please submit your application and tell us a little about your work experience and availability.
